

MESS

TEAM MEETING 14/10/2021

14 OCTOBER 2021 / 4:00 PM / GOOGLE MEETS

ATTENDEES

Keira, Sayo, Will, Shaya

AGENDA

Last Meeting Follow-up

1. Database - Postgres vs MSSQL
 - a. Shaya trying new approach
 - b. Will also trying this
2. Clarification of Reqs/User Stories
 - a. Flow diagram - not helpful

New Business

- **Updating Report** - everyone needs to update their section of the report from the video
 - Edit and handin next week
- **Group Evals** - need to be done Friday Midnight (still missing some)
 - Ask prof tomorrow if no one able to access
- **Initial App SetUp** - if we finish this, this week, we hit our 8 issues
 - maybe?
- Peer reviews are next week - if there is anything we need to talk about as a team now is the time!
- Finalize Feature Timeline - need user stories for this
- Final Data Flow Diagram - need user stories for this
- Someone should review the database - need user stories for this
- What are our plans for next week?
 - Peer Review

- Req Report
- Django ORM -> exploration
 - <https://docs.djangoproject.com/en/3.2/topics/db/models/>
- DFD
- Feature timeline/Initial Set Up
- Database
- Explore Django views passing information; interactivity; reactive
 - Reloading when tests are done
- (We want about 8 issues) - any exploration tasks we want to do?

NOTES

- Client Meetings now Monday! 4pm
- Keep everything decoupled
- Work very agile-ly
- Allow users from all types of labs to determine the logic

ACTION ITEMS

1. Meeting With Prof
 - a. Ask about the video we can't access
 - b. Keep her up to date with our reqs are still pretty vague we are going to be working VERY agile
 - i. Our timeline will probs change as we get more info
 - ii. Our requirements are not very clear at this time
 - c. This week: Reqs video and report
 - d. Next week: Django/Python/Docker exploration tasks
