Prof Gema Rodriguez Perez

Other Teams

## Agenda

### Last Meeting Follow-up

1. The latest step is a lot of work!

## Notes

- **Team 0:** shopping cart - hopefully finished next week, started working on inventory step, inspection, starting action next week, distribution step, Postgres changes
- **Team 1:** order page fixing bugs, lab registration, samples page, database hooks, barcode, scheduling
- **Team 2:** barcode, integration with distribution, UI for inventory, distribution, inspection, inventory, environment set up on new laptop, fixing vulnerabilities, UI work
- Discussion of clients and the requirements
  - Ever-changing requirements
  - Technical client not participating
  - Do not understand what we can accomplish in 10 hours
  - Their expectations are too high

## Action Items

1. Do not take on any more work from client
2. Git stats Friday
