24 JANUARY 2022 / 5:00 PM / GOOGLE MEETS

ATTENDEES

Keira, Shaya

Clients: Lukman

Other Teams: Ramisa, Matt

AGENDA

Last Meeting Follow-up

1. Can we get a walk through of how it is imagined the lab employees will use the application from the moment the order has been placed to the end?

   a. Will do that - step 1.4 (sample testing and distribution)

New Business

- Team 1: fixing bugs, working towards next milestone
- Team 2: fix peer testing bugs, added sample data, fix some database interaction

NOTES

- Moving forward we want to focus on the lab user side of the application

- March 28th - first trial; more question fixes for the following 2 weeks

  - 8 weeks

- We would like a more detailed description of what the next part of the project will look like

- ○ Groups will break down how long these step will take us and what we can reasonably accomplish by April 4th

ACTION ITEMS

1. After we get the break down
    a. Use it to create a week by week milestones agenda
