Agenda

New Business

1. How is everyone's term 2 looking?
    - Shaya - busier
    - Will - better
    - Keira - more group projects
    - Sayo - should be ok
2. Prof meetings now 8:00AM to 8:20AM !!
3. Client Meetings now at 5:00PM !!
4. Team Meetings now Wednesday at 10:00AM !!
5. Git Stats due Friday midnight
    - Git stats are due weekly now so we should adjust our ticket sizes accordingly
6. Let's create some tickets to work on

Project

Progress

1. Tests for things that didn't have tests yet - Will
    a. Functions
    b. Views
2. Update pages to be more dynamic - Shaya
    a. Moving content to navigation bar - to make nav bar more useful
    b. Move things to database
    c. Some css changes
3. Making shopping form - Sayo
    a. Creating shopping cart
4. Getting us ready for next term - Keira
    a. Made new meeting template

      b.   Arranged our new meeting times

Blockers/Surprises

1. Sayo - had git hub branch problems that prevented more progress
2. Clients haven't provided more feedback
3. Clients haven't provided the next steps

Plan

Next Week

1. Shopping cart/order form - Sayo
    a. Add more data to the database (test w/ cost)
    b. Add/remove items from order
2. Redirect from employee to client and vice versa - Keira
3. Create testing guide doc - Will
4. Everyone reviews the testing guide - Shaya, Sayo, Keira
5. Registration adds fields - Shaya
6. Add useful comments on what everything does/how it works - Keira
7. Exploration of swagger ui - Shaya

Action Items

1. Try and get the next steps and feedback from clients

    ○ We have been trying!!
