# Team Meeting

**16 Feb 2022** / 10:00 AM / Google Meets

## Attendees

Keira, Will, Shaya, Sayo

## Agenda

### Last Meeting Follow-up

1. Utility Tasks - after progress

### New Business

2. Git Stats - Friday
3. New Details from Client
4. Peer Testing
   - In-Person
   - Prof pairing us up with participants - not out yet
   - Next week navigate the master branch and make sure you can complete our utility tasks
     - Note anything we want to change before peer testing (put it all on one branch for easy merging)
   - Shaya - remove link than we can merge cause others won't be able to get to the page

## Project

### Progress

1. Order Display for Inspection - Keira
